

# CITIZEN

Micro HumanTech

## High performance, compact size dye sublimation photo printers

## CITIZEN CY

DYE-SUB PHOTO PRINTER

### Typical Applications

- Photo kiosks and booths
- Theme park rides
- Retail printing
- Offices and Schools
- Law Enforcement
- Medical imaging

### Compact size but with a big performance!

The Citizen CY is 20% smaller in volume than our previous model. Even so, it produces 700 prints of 4 x 6 inch media - 16% more but in a smaller case size.

# CITIZEN

Micro HumanTech

## High capacity media rolls

The Citizen CY has a standard media capability with 700 postcard sized prints per roll of media and 350 prints of A5 sized 6x8 inch prints per roll.

Paper rolls are installed in the front of the printer using the media support holders included with the printer.

Ribbons are easily installed and automatically identify their size to the printer including number of prints remaining.

Examples of three media sizes of 4x6 inches, 5x7 inches and 6x8 inches

# CITIZEN CY

DYE-SUB PHOTO PRINTER

## Features

- Easy media changing with drop-down front door
- Compact printer size: smaller case height and depth means printer is 20% smaller than previous models
- Larger media capacity with up to 700 prints per roll
- PSS-IV proprietary powerful high-performance engine which provides high-speed printing
- Double-buffer means full speed and no delays between prints
- Glossy or Matte surface finish using standard media selectable through printer driver
- Monitoring tools and drivers for the latest operating systems to provide print counts and counter resets
